Transform Your Real Property Recording Process

Lenders and Servicers now have a better recording solution. We help reduce costs and jurisdiction turnaround times from months to days or even hours and ensure critical jurisdictional requirements are met. iLienRED® is our automated, web-based platform for completing, recording and tracking mortgage related documents to help you work smarter and faster.

WHAT LENDERS TELL US

"Manual recording is **slow, inefficient** and eats up my team's time."

"We spend a lot of time and **money** on printing and shipping paper documents."

"It can take months to get recording information back from the county."

"Jurisdictions are **constantly changing** their requirements."

"Our manual system for tracking orders and creating an audit trail is **time consuming** and **risky."**

"Not all counties accept electronic recording ... we'd still have to have a manual system for paper."

"We've customized our templates; **will we lose all that work?"**

WHAT WE DELIVER

Electronic recording **reduces costs, time** and **turnaround, freeing up resources** for other important tasks

Electronic signature **eliminates the need for printing** and **shipping documents**

Recording information is received in **hours or days** — not weeks or months

We work with 3,600+ jurisdictions nationwide **ensuring accurate up-to-date** county rules and templates

Custom reporting, a log of every activity on your order and recorded images **speed up daily tasks** and **audits**

One web-based system that handles electronic recording, eSignature and paper-based recording

iLienRED provides **county specific templates** and **rules** but you can also use **your own templates & rules**
